A University for the WORLD

The University of Pennsylvania is a community where leadership in teaching and learning extends across intellectual disciplines, where innovative research and global service are priorities, and where the most capable scholars from around the world gather to learn from one another.

A leading Ivy League institution, Penn’s commitment to global engagement is supported by the ideas and initiative of its dynamic international population. Home to more than 10,000 undergraduates representing 111 countries, Penn is a welcoming, diverse, and supportive campus community situated in the historic and vibrant city of Philadelphia.
Benjamin Franklin founded the University of Pennsylvania, America’s first university, in 1740. Franklin was an author, printer, scientist, inventor, entrepreneur, global thinker, world traveler, America’s first ambassador to France, and an architect of the Declaration of Independence. Today, through the Penn Compact 2020, diverse experiences of Penn students serve as a profound realization of Franklin’s revolutionary vision.
Making Connections

A beautiful and cohesive 302-acre campus encourages discovery and connection across traditional boundaries as students and professors come together to question, imagine, invent, and impact the world.

“Through student organizations I met people from diverse backgrounds; despite our cultural differences there was always something we all shared, along with our dreams and plans for the future.”
—Valida, Georgia

“A major question I asked every college was, ‘Will I fit in here?’ I chose the right place. Penn emphasizes diversity and equality for everyone. The campus has numerous ethnic and cultural associations that help you network and find friends.”
—Min, South Korea

“I took a course with Dr. Matthew Hirsch, whose lectures were entertaining and inspiring. I got the sense that the opportunities before me are endless. This is the feeling that I associate with Penn: with knowledge gained here, I can achieve anything.”
—Leroy, Zimbabwe

“Penn has empowered me to dream big and aim high. From Albania to Zimbabwe, members of the Penn community are committed to driving meaningful change—they are passionate and purposeful. I am humbled to share four years with the leaders of today and tomorrow, who have had a transformative impact on my undergraduate career.”
—Julio, Panama

“Every day I think about how unbelievably lucky I am, not just because I have a great job in the Dropbox Rotation Program before finishing the fall semester of my senior year, but because I have had the privilege of attending a university where I’m given the tools, opportunities, support, and friendships to explore different interests, discover my dreams, and pursue them.”
—Isabel, Mexico

Learn more about the Penn Assembly of International Students at aisupenn.org
“Penn has allowed me to pursue a multifaceted, diverse education—to learn and explore beyond my major. I have taken classes in so many areas and feel this has shaped me into a person with even more diverse interests.”

—FLORENTINA, ROMANIA

Learning into Action
Access to Penn’s 12 schools allows students and faculty to cross traditional academic boundaries while putting their learning to use. Whether generating new knowledge at the Center for Undergraduate Research and Fellowships (CURF), pushing frontiers of knowledge at the Krishna P. Singh Center for Nanotechnology, developing business plans for local nonprofits, staffing the local Sayre Health Center, or exploring Shakespeare’s construction of identity, Penn students gain the skills to apply what they learn to the real world.
Endless Opportunity

All Penn students experience an education deeply rooted in the liberal arts and sciences while exploring their unique interests and accessing boundless research opportunities. Students may draw on all four undergraduate schools when choosing courses, minors, individualized programs, and degree options.

ACADEMIC MAJORS, MINORS, AND SPECIAL PROGRAMS

The College of Arts and Sciences

The intellectual heart of Penn, the College offers a Bachelor of Arts degree in 56 majors in the humanities, sciences, and social sciences.

The School of Engineering and Applied Science

Penn Engineering offers two undergraduate degree programs: the Bachelor of Science in Engineering, our professional degree, and the Bachelor of Applied Science, an integrative program that combines engineering and technology studies with liberal arts.

The Wharton School of Business

The Wharton School offers a balanced four-year business and arts and sciences curriculum—with 20+ different areas of concentration—leading to a Bachelor of Science in Economics.

The School of Nursing

Leading to a Bachelor of Science in Nursing degree, the program provides a balance between the liberal arts and a professional preparation in nursing, emphasizing cutting-edge education, innovative research, and integrated clinical practice with a connected global reach.

The College of Arts and Sciences

- The Rajendra Neera Singh Program in Networked and Social Systems Engineering
Faculty
Penn’s faculty includes 4,555 of the world’s leading scholars. Respected thinkers and award-winning innovators at the forefront of their professions and disciplines, Penn professors are people who love teaching undergraduates and enjoy working with them to devise solutions to the world’s most difficult problems. Enthusiastic members of the Penn community, professors live among undergraduates in Penn’s College Houses and are involved in their lives outside the classroom.

“My experiences at Penn have included learning with the most experienced professors (and even eating cookies in their homes), taking very interesting classes (say, on Russian ghost stories), and making friends with people from every continent.”
—TARINI, INDIA

Live-In Mentors
Each House has a Faculty Master and several faculty College House Fellows leading House life and offering mentorship. Other staff include the House Dean, who provides academic advising and helps turn student ideas into new initiatives, and Graduate Associates and Residential Advisors, who support undergraduates—especially freshmen as they get acclimated to University life.

THE PENN FACULTY HAS BEEN HOME TO:

- 4 Nobel Prize recipients
- 5 Pulitzer Prize recipients
- 8 MacArthur Award recipients
- 5 National Medal of Science recipients
- 169 Guggenheim Fellowship recipients

“Without the right advice, the breadth of opportunities Penn offers would be overwhelming. Penn does a great job of providing the necessary advising resources to help you find what you are most passionate about and pursue it.”
—LUISE ERNESTO, MEXICO
Engaging Locally and Globally . . .

Penn students are deeply involved with the world—and with surrounding communities. Students and faculty apply their knowledge abroad and in local neighborhoods to address such issues as education, public health, and economic development through service, cooperative innovation, and research.

**FOX LEADERSHIP**
Supporting Penn’s commitment to producing future leaders, the Robert A. Fox Leadership Program prepares students for leadership roles in any field they pursue through leadership events, mentoring, hands-on leadership experiences, and leadership-themed courses.

**CIVIC HOUSE**
Penn’s hub for civic engagement, Civic House provides space for more than 40 student-run community service and advocacy groups.

**IMPROVING GLOBAL HEALTH**
Collaborating with domestic and foreign policy experts, Penn is helping to build the world’s health care workforce by tailoring policies to specific regional situations. Since 2001, faculty and students from across Penn’s 12 schools have traveled to Botswana to set up training programs for local health care providers. Today, Penn has partnered with the University of Botswana to construct a new medical school, the first in that nation, and has helped establish a National Institutes of Health-funded Center for AIDS Research.

“I have been able to make significant contributions towards efforts at finding a cure for HIV through my research work in laboratories at Penn’s Perelman School of Medicine and at École polytechnique fédérale de Lausanne in Switzerland. Our organization’s work has been recognized by many international bodies including the United Nations and President Bill Clinton’s Global Initiatives (CGI U). I will graduate from Penn with a solid foundation and well ready to make the changes I seek to make in the world.”

—SHADRACK FRIMPONG, GHANA
President’s Engagement Prize winner

**GREEN CAMPUS PARTNERSHIP**
The entire University community is involved with issues that affect climate change. Sustainability education, training, and action extend beyond classroom walls with the help of Penn Eco-Reps (students, staff, and faculty from all parts of campus).

**SUSTAINABLE PENN**
Penn is a global leader in combatting climate change. Here’s how:

Learn more at www.upenn.edu/sustainability

**URBAN RENEWAL**
Transformed from asphalt to green space, Penn Park is a 24-acre recreational facility. This campus addition showcases the strict environmental guidelines Penn has adopted for renovations and development.
EXPANDING ENGAGEMENT
The Penn Wharton China Center in Beijing and Penn China Research and Engagement Fund enhance learning and research opportunities for Penn’s faculty, students, alumni, and friends in China.

BUILDING HOSPITALS
Through Penn’s Guatemala Health Initiative (GHI), students work with Hospitalito Atitlán to improve health in the remote town of Santiago Atitlán. When a mudslide destroyed the hospital, Penn students helped build a new one.

LEARNING ABROAD
Penn undergraduates studying abroad may choose from more than 100 programs in more than 50 countries.

CREATING GLOBAL SOLUTIONS
Students participating in 10-day trips with the Wharton International Program learn about socially responsible business practices and participate in service projects. Sustainability-focused trips to Argentina, South Africa, and Indonesia offer students the opportunity to study today’s most significant business and social issues and seek solutions.

TEACHING TO LEARN
Penn International Business Volunteers (PIBV) organizes on-site and off-site projects for students to consult non-profits and NGO’s in developing countries, enhancing the infrastructure needed for sustainable growth and ensuring long-term development.

PERRY WORLD HOUSE
Penn’s new center for global engagement aims to be “an influential force for critical thought on global matters.”

SUPPORTING GLOBAL PARTNERSHIP
Penn’s Center for Advanced Study of India is a research center in the United States devoted to the study of contemporary India.

NETTER CENTER FOR COMMUNITY PARTNERSHIPS
Penn’s Netter Center offers more than 160 Academically Based Community Service courses, through which students earn academic credit while engaging in field-based research, teaching, and community problem-solving. Many of Netter’s innovative programs have been adopted by other universities and organizations.

Alternative Energy
Penn purchases the most wind-generated power of any school in the United States—200+ million kilowatt-hours per year! This effort and installing green infrastructure are two of many direct steps taken to reduce campus energy use.

Drives Efficiency
Already well served by green transportation, Penn has taken further steps to reduce fuel consumption by upgrading the campus vehicle fleet, increasing the use of public transportation, and improving bike and pedestrian resources.

Sustainable Dining
Penn Dining, managed by Bon Appetit, celebrates flavor, affirms regional cultural traditions, and supports local communities without compromising air, water, or soil quality—now or in the future.

Waste Reduction
As part of the Climate Action Plan, Penn has implemented campus-wide waste reduction and recycling practices, including green purchasing, composting efforts, and local food investments.
Because Penn views international diversity as a critical ingredient in a global education, the University welcomes more than 1,400 international undergraduates from 111 countries.

**New Student Orientation (NSO)**
New Student Orientation provides a fun and helpful introduction to life at Penn. NSO offers special sessions for international students.

**Help from Penn**
The dedicated staff of Penn’s International Student and Scholar Services (ISSS) provides support and guidance to Penn students from abroad, including assistance with immigration, employment, and overseas travel. ISSS also helps international students adjust to their new home, offering tips for succeeding at Penn and living in Philadelphia.

**Advising and Support**
The Assembly of International Students (AIS) fosters a strong international community at Penn. Through peer mentorship programs, students are paired with current students who assist in course selection, navigating campus, helping with social and cultural integration, and welcoming new students to life at Penn. Professors, advisors, career counselors, and tutors all guide students as they choose courses, look for internships, seek research opportunities, consider study abroad, or prepare for jobs and graduate school.

**Career Services**
Penn’s Career Services helps students access the information and build the skills they need for maximum success when looking for a job or applying to graduate school. The accessible, 28-person staff offers how-to advice, information about available jobs, and one-on-one career counseling.

**Life after Penn**
Penn has an aggregate undergraduate graduation rate of 96 percent. Within five years, 64 percent of Penn alumni will be pursuing or have earned advanced degrees; after 10 years, the number is 73 percent.

Penn provides a welcoming home for international students. They are a vital asset to the entire Penn family and are integrated into every aspect of Penn’s intellectual and community life.

“**At Penn it is surprisingly easy to find people to connect with from around the world because of how large our international student body is. That really made it easy for me to adjust. There’s one student body on a relatively small campus, so you meet new people all the time. In one week, you meet people from 10 different countries. It’s been a very enriching experience.**”

—MARWA, EGYPT
Penn World Scholars

The Penn World Scholars Program offers financial support and intellectual and professional opportunities with the goal of developing the next generation of global leaders.

Find out more about Penn’s World Scholars Program at global.upenn.edu/penn-world-scholars

Sohaib, Pakistan
School of Engineering and Applied Science

“The fact that Penn is putting so much time and effort into working on a global initiative and global policy is very important to me, because I think universities are one of the most important places as far as global change is concerned. Being a part of a program that is at the forefront of Penn’s global policy is a great experience.”

Thao (Julie), Vietnam
College of Arts and Sciences

“I’m a part of the International Student Advisory Board; we talk regularly about how international students at Penn are doing. It’s really comforting to see that administrators actually reach out to students and listen to their concerns and make certain to address them. I feel like I’m very welcome at Penn.”

An Extended Family

There are more than 305,000 Penn alumni around the world in every industry, profession, and walk of life. Many work in positions of leadership or influence and are willing to help young Penn graduates find opportunities or get started with their careers.

A Few Penn Alumni

Douglas Alexander
British member of Parliament, former secretary of state for international development, and current shadow foreign secretary

Ernesto P. Balladares
President of Panama, 1994–99

Jon M. Huntsman, Jr.
Former U.S. ambassador to the People’s Republic of China and former candidate for U.S. president

Toomas Hendrik Ilves
President of Estonia, 2006–present

John Legend
Grammy Award-winning singer/songwriter

Elon Musk
Founder of PayPal, Tesla Motors, and SpaceX

Kwame Nkrumah
First president of Ghana, 1952–66

Alassane D. Ouattara
President of Côte d’Ivoire, 2011–present

College Houses

Penn undergraduates live in Penn’s College Houses—warm, supportive, dynamic communities that reflect the spirit of the University and the full range of its people. Professors and graduate students live among undergraduates, offering mentorship and contributing to the intellectual energy of each House. All Houses offer resources, facilities, and programming that support a stimulating, comfortable residential life.

Optional Residential Programs within the Houses foster smaller communities that share a culture, lifestyle, or interest. Examples include Arabic House, Casa Hispanica, Chinese House, Arts House, Exploring Philadelphia, Leadership, and Women in Science.

Student Activities

Whatever their passions, interests, or causes, Penn students keep busy, leading or lending their energy to 500 student-run organizations, ensembles, publications, societies, and clubs. Additionally, Penn offers 33 men’s and women’s varsity athletic teams and many club and intramural leagues—including soccer and cricket—which means anyone who wants to get involved is able to.
Penn’s Campus

Located in the energetic, diverse University City neighborhood, just across the Schuylkill River from Center City Philadelphia, Penn’s 302-acre campus is home to all of the University’s schools and most of its research institutes.

RESEARCH: www.upenn.edu/researchatpenn
STUDENT LIFE: www.vpul.upenn.edu/osa
COLLEGE HOUSES: www.collegehouses.upenn.edu
CAREER SERVICES: www.vpul.upenn.edu/careerservices
Philadelphia
One of the most historic places in America, Philadelphia is the nation’s fifth-largest city, former capital, and crossroads of the East Coast. The city is rich in culture, history, arts, shopping, and entertainment. Only a 15-minute walk from campus, Center City Philly is accessible, affordable, and full of opportunities for community outreach, internships, and research.
**Getting Started**

**APPLYING FOR ADMISSION**

In reviewing applications, Penn looks for students with a demonstrated record of academic excellence, a commitment to seeking challenge, and a range and depth of interests.

Penn seeks students with intellectual curiosity, an interdisciplinary mindset, and a desire to contribute something positive to the world; people with genuine passions and an ability to turn their ideas and interests into action; and people whose talents and experience will make an impact on our community.

Help us get to know you. Be honest and authentic. We’re eager to hear your story.

Although the required forms most easily accommodate credentials earned in the U.S. secondary school system, they may be adapted to suit the details of any nation’s educational system. The deadline for Early Decision applications is November 1. The deadline for Regular Decision applications is January 5. The deadline for transfer applications is March 15.

**REQUIRED OF ALL APPLICANTS**

1. **Common Application**
   - Visit [www.commonapp.org](http://www.commonapp.org) for complete information and to submit your application online. You are not an applicant until you submit both the Common Application and the Penn Writing Supplement.

2. **SAT or ACT (required)**
   - Visit [www.admissions.upenn.edu/apply](http://www.admissions.upenn.edu/apply) to learn more about applying to Penn. Penn requires the SAT or ACT, and recommends two SAT Subject Tests. For the SAT Subject Tests:
     - Candidates to fields in Science, Technology, Engineering, and Mathematics (STEM) are recommended to take the Math Level 2 Subject Test and a Science Subject Test.
     - Candidates to the Wharton School are recommended to take the Math Level 2 Subject Test.
     - Candidates to the School of Nursing are recommended to take a Science Subject Test, preferably Chemistry.
   - Applicants must submit their entire testing history.

3. **All Official Secondary School Transcripts**
   - Applicants must submit official copies and official translations if the original is not in English, as well as external examination results.

4. **External Examination Predictions/Results**
   - As admissions decisions are made prior to many national examination results, applicants are expected to be enrolled in programs preparing them for these examinations, and applicants should request that their schools send Penn predictions of external examination results in addition to the school marks. Where national examinations are required for admission to a pre-university program, students should present certified copies of their examination results.
   - Visit [www.admissions.upenn.edu/apply/international-applicants/requirements](http://www.admissions.upenn.edu/apply/international-applicants/requirements)

5. **Two Teacher Recommendation Letters**
   - Letters of recommendation from two recent teachers. Letters written by a teacher in a subject related to your intended major can be helpful.

   - Available through the Common Application. Should be completed by a school-based counselor or another comparable school official.

7. **Mid-Year Report**
   - The mid-year report should be submitted through the Common Application. Required of Early Decision applicants whose decisions are deferred and Regular Decision applicants.

**REQUIRED OF SOME APPLICANTS**

1. **TOEFL**
   - TOEFL is recommended for some applicants; please visit [www.admissions.upenn.edu/apply/international-applicants](http://www.admissions.upenn.edu/apply/international-applicants)

**OPTIONAL ITEMS**

1. **Art or Music Portfolio**
   - Visit [www.admissions.upenn.edu/apply/supplements](http://www.admissions.upenn.edu/apply/supplements) for details.

2. **Alumni Interview**
   - An alumni volunteer may contact you to arrange an interview if you are a freshman candidate and have submitted your application. Applicants will receive an interview on the basis of volunteer availability. Please go to [www.admissions.upenn.edu/apply/freshman-admission/interviews](http://www.admissions.upenn.edu/apply/freshman-admission/interviews) for details.

---

Information in this publication is current as of May 2015.

The University of Pennsylvania values diversity and seeks talented students, faculty and staff from diverse backgrounds. The University of Pennsylvania does not discriminate on the basis of race, color, sex, sexual orientation, gender identity, religion, creed, national or ethnic origin, citizenship status, age, disability, veteran status or any other legally protected class status in the administration of its admissions, financial aid, educational or athletic programs, or other University-administered programs or in its employment practices. Questions or complaints regarding this policy should be directed to the Executive Director of the Office of Affirmative Action and Equal Opportunity Programs, Sansom Place East, 3600 Chestnut Street, Suite 228, Philadelphia, PA 19104-6106; or +1 (215) 898-6993 (Voice) or +1 (215) 898-7803 (TDD).

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is a federal law that requires all colleges and universities to provide information on their security policies and procedures and specific statistics for criminal incidents and arrests on campus to students and employees and to make the information and statistics available to prospective students and employees upon request. The Uniform Crime Reporting Act requires all Pennsylvania colleges and universities to provide information on their security policies and procedures to students, employees, and applicants; to provide certain crime statistics to students and employees; and to make those statistics available to applicants and prospective employees upon request. Federal law, the Higher Education Opportunity Act, also requires institutions that offer on-campus housing to provide certain fire statistics and other information about fire safety. This information is available from the Division of Public Safety at 215.898.7297, or at www.publicsafety.upenn.edu/clery_report.asp.
